Writ of Error Coram Nobis

I've written a series of motions including Rule 35(d), Rule 37(c)(2), Rule 37(e)(B), Rule 36, and Rule 36.1 all mailed 9/12/2023 in attempt to suspend sentence or reconsider judgement that I have not recieved any response for after recently being denied for Pro-se Motion Rule 35(b) INEFFECTIVE assistance of Counsel Denying Docket No. 1866770, 1856272 & 1831056 with these not being any of my cases. I argue that I'm serving 2 sentences for one charge wich I expressed my deep concern for correction
